

## EMWD Rates: Investing Now to Protect the Future

EMWD continues to invest in water, wastewater and recycled water infrastructure projects to continue providing customers with safe and reliable services. We are also investing in data technologies that will enhance our customers' abilities to manage their account information while also improving efficiencies.

EMWD's Groundwater Reliability Plus (GWR Plus) initiative is one example of this. GWR Plus is a comprehensive approach to groundwater management, with the goal of continually improving the quality and quantity of water in our local groundwater basins.

EMWD's investment in data technologies is best demonstrated by the accelerated installation of smart meters throughout our 555-square mile service area. By June 2019, every customer will have a smart meter, making them eligible to subscribe to receive leak notifications via text message. Customers will also have the capability to subscribe to receive weekly usage information via email. By advancing technologies across the district service area, EMWD is providing customers with an increased level of engagement with their usage data in an effort to promote wise water use.

EMWD is committed to ensuring that investments work to provide customers with safe and reliable water, wastewater and recycled water services, today and tomorrow.

### NOTICE OF PUBLIC HEARING

**Date:** June 19, 2019

**Time:** 9 a.m.

**Location:** Eastern Municipal Water District Board Room, 2270 Trumble Road, Perris, CA 92570

The Board of Directors of Eastern Municipal Water District (EMWD) will conduct a public hearing to consider changes to the water and sewer rate structures and rates set forth herein. Any customers or property owners may appear at the hearing to make comments regarding the proposed change. To file an opposition, property owners and tenants of real property who are directly liable to pay water bills may submit a written protest. Written protests may be mailed or delivered in-person to Eastern Municipal Water District, Attention: 2020-2021 Proposed Rates, PO Box 8300, Perris, CA 92572-8300. Protests must include: your name, parcel number and/or service address, and your signature. Protests submitted by email or other electronic means do not count as formal written protests. All written protests must be received prior to the conclusion of the public hearing.

More information about the proposed changes is available in this document and online at [www.emwd.org/ProposedRates](http://www.emwd.org/ProposedRates).

# Proposed Recycled Water Service Rates

EMWD is continuing to bring recycled water rates closer in line with the actual cost of operating and maintaining EMWD's recycled water system. As a result, EMWD is proposing the following increases as shown in the charts on this page.

The typical agricultural recycled water bill would increase 7 percent next year, compared with 8 percent for 2018 and 2019.

Proposed rates would be reflected on bills dated on or after January 1, 2020.

Recycled Water Daily Service Charge	Current	Proposed	
		Effective 1/1/2020	Effective 1/1/2021
5/8 inch	\$0.42	<b>\$0.44</b>	<b>\$0.46</b>
3/4 inch	\$0.42	<b>\$0.44</b>	<b>\$0.46</b>
1 inch	\$0.57	<b>\$0.60</b>	<b>\$0.63</b>
1.5 inch	\$1.58	<b>\$1.66</b>	<b>\$1.73</b>
2 inch	\$2.45	<b>\$2.57</b>	<b>\$2.69</b>
3 inch	\$3.61	<b>\$3.78</b>	<b>\$3.95</b>
4 inch	\$4.77	<b>\$5.00</b>	<b>\$5.23</b>
6 inch	\$4.77	<b>\$5.00</b>	<b>\$5.23</b>
8 inch	\$4.77	<b>\$5.00</b>	<b>\$5.23</b>
10 inch	\$4.77	<b>\$5.00</b>	<b>\$5.23</b>
12 inch	\$4.77	<b>\$5.00</b>	<b>\$5.23</b>

*\*Temporary special rate for surplus water in winter set by General Manager if conditions warrant to avoid discharge and/or due to operational constraints.*
